JANCIK ARTS INTERNATIONAL has gained unique experience in mirror antiquing and patination. We offer many hand-crafted antique mirror glass styles to suit a wide variety of applications. Creative, distinctive, and unique, we add custom artistic touches to framed and wall-mounted mirrors, ceilings, doors, glass tiles, backsplashes, and a variety of color schemes.

Glass is cut to the required shape and size, including cutouts for sockets and holes for light fixtures, and then edges are polished or beveled to specification. Glass is available in a variety of color schemes.

Since we custom design our mirror finishes, we can create a unique style to meet your taste and specifications.

We are master craftsmen with more than 36 years of experience in art glass (including cast, stained, carved glass, antique mirrors, etc.) and art metal (railings, grilles, doors, gates, light fixtures, and sculptures) in residential, hospitality, and worship spaces.
